### Requirements

1. 100% attendance for the course
2. Completion of Continuing Education and Training Registration Form
3. Active participation in all class exercises (determined by course instructor)
4. Completion of required quiz assessment
5. As applicable, achievement of minimum passing score on required end-of-course examination

### Prerequisites

There are no prerequisites needed to attend this course. Students must be able to verbally communicate with instructor in primary language of the training.

### Course Description

This course is an elective course that can help fulfill the requirement for an individual applying for a Site Safety Training Card. THIS IS AN AWARENESS-LEVEL TRAINING ONLY and does not provide any other qualification or authorization outside of the Site Safety Training Card. In order to continue to operate in the City of New York, the designated construction worker is required to complete a minimum number of hours of approved site safety training and to carry site safety identification cards as proof of completion of the training (As per New York City Local Law 196 of 2017 also known as 'LL196' or 'Local Law'). This course provides two hours towards the satisfaction of that requirement.

### Learning Outcomes

Upon completion of this course, the students will be able to but not limited to:

- become generally familiar with adverse effects of drug and alcohol in the workplace.
- List and identify the consequences of drug and/or alcohol use and abuse.
- recognize problems associated with substance dependency.
- recognize and understand issues of chemical dependence that may adversely affect the lives of others who they know and love.

### Completion Requirements

Students are required to complete 100% of the course and actively participate in all learning activities and pass the review quiz.
